

Cyryll Joseph O. Galon

Bakersfield, California

Available for Relocation

Phone: 661-343-1254 | **Email:** galoncyryll@gmail.com

I'm curious and passionate for web programming, I enjoy work that challenges me to learn something new and stretch in a different direction.

SKILLS

Front End

HTML5/CSS3
Javascript
jQuery

Back End

NodeJS
ExpressJS
PostgreSQL
Java
PHP
MySQL

Source Control

Git/GitHub

Frameworks

React
Bootstrap

PROJECTS

CRIM (Clinicians Reservation and Information Management System)

<https://github.com/galoncyryll/CRIM>

An Undergraduate Capstone Project for the Dentistry Department in Centro Escolar University.

- Created and developed a smooth and responsive UI using Bootstrap and jQuery.
- Constructed a server-side rendering page to connect to the back-end (Java).
- Coordinated with my back end programmer to successfully connect the whole system.
- Deployed and Implemented to University's local network.

Face Recognition App <https://face-recognition-p.herokuapp.com/>

An app that detects face in the picture provided by the user.

- Integrated the Clarifai API to get face's region and location in the picture.
- Developed a single web page using React's state and props.
- Developed a REST API for the user's info using NodeJS and ExpressJS
- Implemented a security feature to encrypt users password using bcrypt.

Robofriends <https://galoncyryll.github.io/robofriends/>

My very first API consuming app

- Developed a filter/search function for the robots.
 - Built a dynamic Robot profile fetched from the API's user info.
-
